ENDORSEMENT-1

Richard George-Senior Consultant
at Connect Assist

"Isaac is hugely talented and experienced. Not only in his technical mastery ...but also in his ability to understand a complex brief and offer insightful suggestions on approach, mood and production processing...A really good guy to work with, he's collaborative by nature and when he offers guidance, it's always worth listening to. A real privilege to work with and I would not hesitate to recommend him and his team to any client".

ENDORSEMENT-2

Darren Wallace-Head of Design at BMI Healthcare

"... Isaac is one of the most client-facing I have had the pleasure of working with. He has the right attitude towards not only the client and the brief but towards everything that supports the project - he always strives for a positive outcome. He is able to light towards a brand and its granular characteristics. He is also able to aid in the creative process in the pre-production, production and post-production...This deep commitment to creativity and attention to detail makes Isaac the ideal ally on long campaigns".

ENDORSEMENT-3

Gary Chambers-Design Director, Luminous

"Having recently worked with Isaac on a large project for a major client, I have nothing but praise for Isaac's ability to achieve great results.... Isaac achieved outstanding results that both the client and I were delighted with. A terrific colleague and now friend, I wouldn't hesitate in commissioning Isaac and his team in the future"

SKILLS AND STRENGTHS**Lighting:**

With my foundations rooted in Advertising, I have established extensive knowledge in the application of various lighting techniques, from clean and on-brand to more expressive and emotional lighting styles. Additionally, I build, modify and design my own lighting ideas. I hold an 18th Edition Electrical certification to help with modifications to practical source wiring.

Production:

Production design and set building, Carpentry, Creative designing/building and modification of lighting and grip rigs. Management and maintenance of Photographic Studios. Location shooting. Risk assessment and medical assistance.
